

Hello, friend! Nice to meet you! We are students of Imabari Hiyoshi j-h-school. Imabari-shi is in the west area of Japan. Imabari-shi is near the sea and very warm. There are a lot of small islands on the sea. And a big bridge connects those islands. We can consider a beautiful seascape on the bridge. In Imabari-shi, it is prosperous to make a mandarin orange and a ship. We are very glad to be friends with you!
